- 20,000 Sq Ft/Hr- Water or Solvent-Based Concrete Coatings

Aztec's Grand Finale is a simple, rugged floor chemical application machine designed to apply floor finish, concrete densifiers, hardeners and sealers quickly and uniformly. The Aztec Grand Finale provides an easy, high speed way to lay down a smooth, uniform coat of chemicals at an average rate of approximately 35,000 square feet/hour. Save as much as 70% in labor by treating the floor by using the Aztec Grand Finale. Don't work hard, work fast and smart with the Aztec WorkSmart™ stripping system.

For use in airports, auditoriums, convention centers, hospitals, nursing homes, large retail facilities, schools, shopping centers, supermarkets, colleges/universities and warehouses.

All of Aztec's machines are proudly MADE IN THE USA.

SIMPLE • RUGGED • ECONOMICAL
